NJUNS Release 1.3.19 – Part I

Friday, July 14, 2026

Enhancements

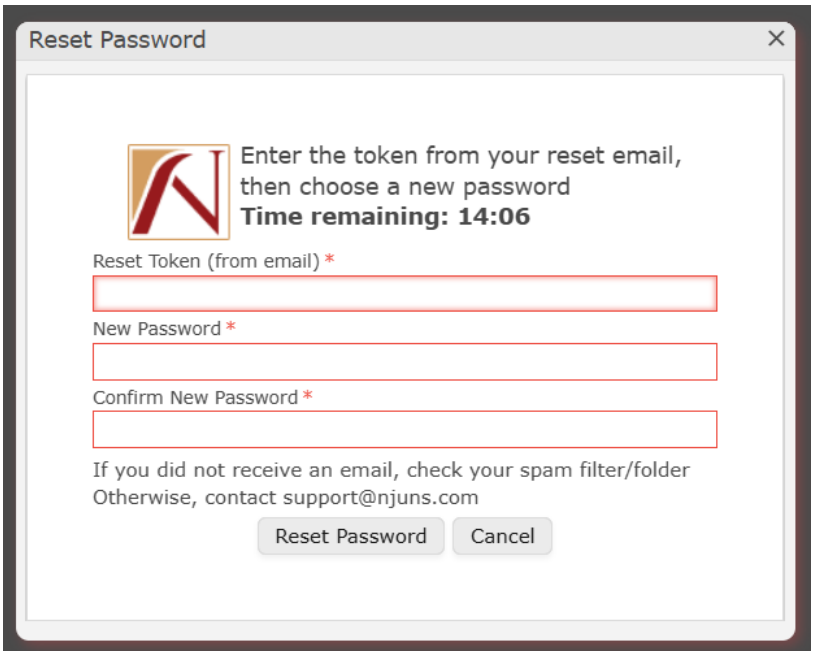

Forgot Password

Ticket Option Fields 4 & 5 Added to Projects/Ticket Data Grid

Addition of Updated By to Tickets and Projects/Ticket Data Grid

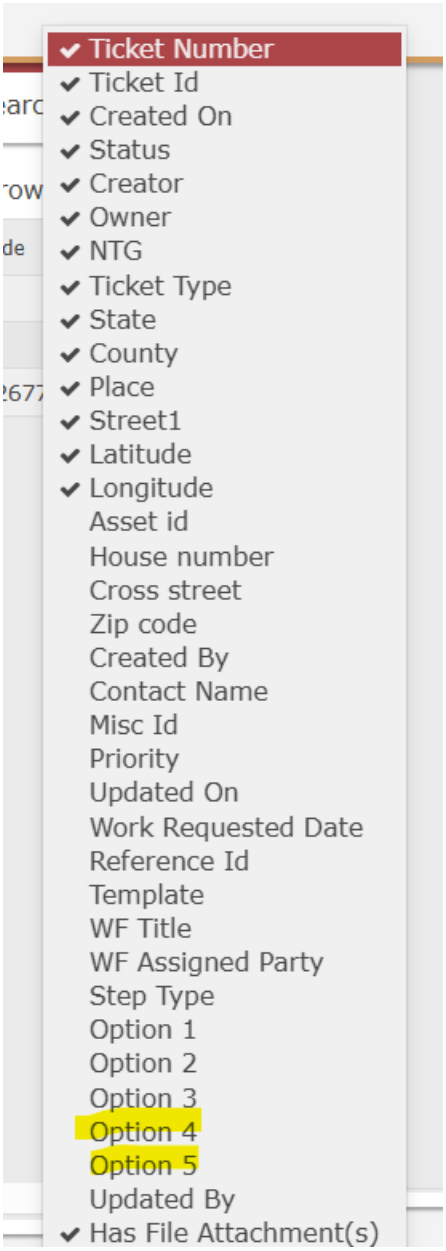

Forgot Password

Upgrade to Forgot Password functionality: When user selects Forgot Password an email will be sent with a token if the user is an active user. User must use the token to reset password within 15 minutes or token expires. If user is inactive, an email will be sent to contact NJUNS for reactivation. Enter token in Reset Token (from email) field and enter and confirm new password. Click Reset Password to reset your password.

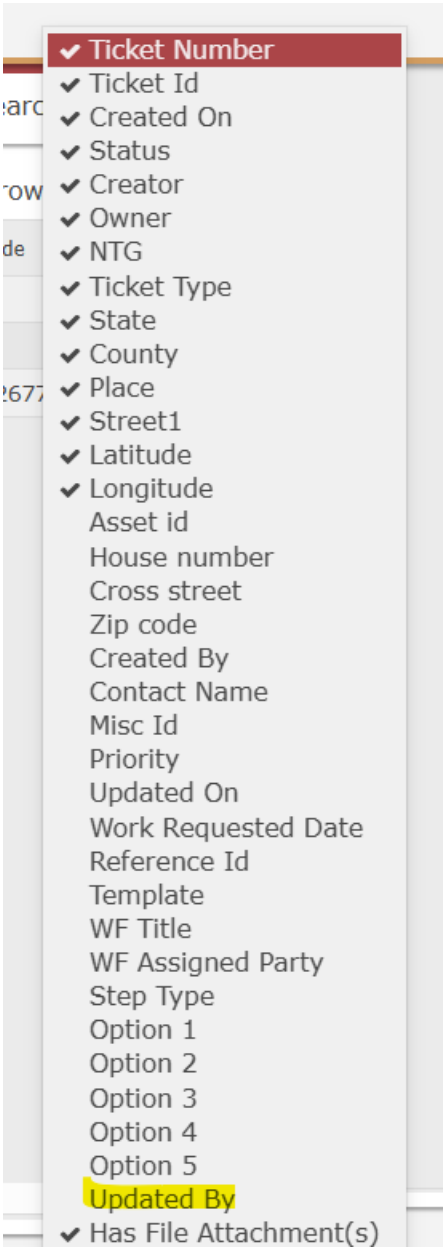

Ticket Option Fields 4 & 5 Added to Projects/Ticket Data Grid

Additional Option Fields 4 and 5 added to Ticket Data Grid when viewing tickets from the Projects tab.

Addition of ‘Updated By’ to Tickets and Projects/Ticket Data Grid

Updated By field added as an option to display on Ticket Data Grid when viewing ticket on Tickets or Projects ticket data grid.

from ‘Has Attachment’ to ‘Has File Attachment(s)’ on Projects/Ticket Data Grid

The column name in the ticket data grid was changed from Has Attachments to Has File Attachment(s) when viewing a ticket from the Projects tab.
